***How will the MAS Consolidation affect ordering?***

# MAS Consolidation and Ordering

- Contract numbers are NOT changing
- No need to recompetete or move orders
- Legacy Schedule contracts will remain in place until existing BPAs are cancelled or expired

\*Contractors must have the OLM SIN awarded in order to provide OLMs on the order.

The OLM SIN description has been streamlined as follows:

*OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.*

*OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.*

*OLM SIN-Level Requirements/Ordering Instructions:*

*OLMs are:*

- *Purchased under the authority of the FSS Program*
- *Unknown until an order is placed*
- *Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)*
- *Only authorized for use in direct support of another awarded SIN.*
- *Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract*
- *Line Item Number (CLIN)*
- *Subject to a Not To Exceed (NTE) ceiling price*

*OLMs are not:*

- *"Open Market Items."*
- *Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)*

*OLM Pricing:*

- *Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).*
- *The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.*

*NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.*

There has been no change in the underlying OLM Authority or Special Ordering Procedures for utilizing OLMs. The changes noted here are administrative in nature and were made as part of the overall Schedule Consolidation process.

## Select a Vendor

**Instructions:** Listed below are vendors who currently have contracts under the Category you selected. Select the vendors you would like to invite to quote on your RFQ. You may request a quote from any or all vendors listed, but in order to satisfy FAR requirements, you should request quotes from at least three (3) vendors (if available). Please remember that vendors are not required to submit a quote.

 **Reminder:** eBay allows any vendor in this category to view and quote on your RFQ even if they have not been selected to receive an email invitation. The only exception to this is in the event that your RFQ is marked as a set-aside, and then only eligible vendors under that set-aside will be able to view and submit a quote.

Attention: GSA is currently undergoing a MAS Consolidation effort to modernize and simplify the buying and selling experience by consolidating our 24 legacy Multiple Award Schedules into one single Schedule, called the Multiple Award Schedule (MAS). During the transition period, in order to ensure full and open competition is achieved, buyers may choose either legacy SINs or new MAS SINs to post an opportunity. Opportunities posted will be automatically crosswalked from legacy to new SIN structure or new SIN to legacy structure, so that contractors under both structures will have the opportunity to view and submit quotes for RFQs posted on eBay. No additional action is required on your part.

In addition to the SIN(s) chosen, this opportunity will also be visible to contractors with the following: (Schedule/SIN)

00CORP/871 1, 00CORP/871 2, 00CORP/871 3, 00CORP/871 4, 00CORP/871 5, 00CORP/871 6, 00CORP/871 7

For your reference a full listing of Legacy Schedules and SINs to the new MAS Structure is provided [here](#).

## ***Frequently Asked Questions***

---

**Will contractors retain their existing contract numbers?**

Yes. Contract numbers will not change at any point.

---

**Will current GSA contractors' business size change?**

No. MAS Consolidation will not trigger a change in this as size standard is determined at time of award, unless conditions under [52.219-28](#) apply.

---

**How will contractors be listed in GSA eLibrary?**

New awardees will show up under the consolidated Schedule vehicle. Current contractors will continue to be listed under their current Schedule until they accept the Mass Mod, in which they will be migrated to the new MAS vehicle.

---

**What happens if I receive a quote from a SIN category that I didn't select?**

Contractors under other SINs may be able to review and quote because of the crosswalk. Opportunities posted will be automatically cross-walked. All quotes submitted should be reviewed as part of the evaluation process.

---

**Where can I find the SIN Crosswalk to determine which new SINs to choose?**

You can find this on the right column of the eLibrary home page or [here](#).

---

**How will Order Level Materials (OLMs) work?**

OLMs will continue to be offered for the large categories and subcategories mapping to the legacy Schedules that currently have OLMs.

---

**What happens if a contract has a Blanket Purchase Agreement (BPA) that references the legacy SIN(s)?**

The Mass Mod will not change the contract number. An agency may choose to issue an MOU or make an administrative change with the new SIN structure.
